The promoter of the Initiative is Fabbrica d’Armi Pietro Beretta S.p.A., with registered office in Italy (hereinafter, “Beretta”).

For the purposes of these Terms and Conditions: (i) “Final Customer” means an individual acting as an end consumer and not as a dealer, professional operator or reseller; (ii) “Beretta Firearm” means a firearm branded Beretta, purchased new from authorised channels in a participating country; (iii) “Warranty Registration” means the online procedure carried out on the dedicated platform (registeryour.beretta.com or any successor/linked URL) which associates the firearm’s serial number and the customer’s data to the relevant warranty record; (iv) “Proof of Purchase” means a valid document evidencing the purchase (e.g., receipt, invoice, equivalent fiscal document) and/or any additional information requested by the registration form; (v) “Participating Countries” means the countries in which the Initiative is activated under these Terms and Conditions, as indicated in Article 3.

Article 2 – Subject of the Initiative

The Initiative consists of the free assignment of one commemorative Medal to Final Customers who meet the eligibility requirements and who complete the Warranty Registration within the timeframe set out in Article 4.

The Medal is a celebratory promotional gift. It has no cash value, cannot be exchanged, returned for monetary compensation, or converted into discounts or other benefits. Where local consumer rules provide mandatory rights, those rights remain unaffected.

The Initiative does not replace and does not modify the manufacturer’s warranty conditions for the purchased product, which remain governed by their own terms and related documentation.

Article 3 – Territorial Scope (Participating Countries)

These Terms and Conditions are the specific regulation for the Initiative in the international markets where the Medal is delivered directly to the Final Customer’s address. The Initiative is valid in the following Participating Countries:

- Croatia

- Czech Republic
- Germany
- Spain
- Finland

Final Customers may participate only if they purchase a Beretta Firearm in one of the Participating Countries and complete the Warranty Registration related to that purchase within the timeframe set out in Article 4.

Any similar or connected initiatives in other countries are governed by separate terms and conditions and do not fall within the scope of this document.

Article 4 – Validity Period and Time of Participation

The Initiative is valid from 00:00 (CET/CEST) on 1 January 2026 until 23:59 (CET/CEST) on 31 December 2026.

In order to participate, the Final Customer must purchase an eligible Beretta Firearm during the above period and must complete the corresponding Warranty Registration within the same period.

Article 5 – Eligibility and Exclusions

Participation is open to Final Customers who are at least 18 years old (or of legal age under the rules applicable in their country of residence) and who can lawfully purchase and possess the product under local regulations.

Without limitation, the following are excluded from participation: dealers, distributors, agents, professional operators purchasing for resale, and any participant who submits untruthful, incomplete, or unverifiable information.

Beretta reserves the right to perform checks and to deny the Medal in case of suspected fraud, abuse, multiple registrations of the same serial number, or any conduct contrary to these Terms and Conditions.

Article 6 – How to Participate (Warranty Registration)

To participate, the Final Customer shall access the dedicated platform and complete the Warranty Registration by entering the required information (including, at minimum, the firearm serial number and the purchase details) and, where requested by the form, upload the Proof of Purchase and/or supporting documentation.

The Final Customer is responsible for ensuring that the information provided is accurate and complete. Beretta shall not be liable for non-delivery or delays resulting from inaccurate or incomplete data (including incorrect shipping address).

Article 7 – Assignment of the Medal

The Medal will be assigned only after the successful completion and validation of the Warranty Registration. Validation may include automated checks and/or manual review of the Proof of Purchase and the information submitted.

As a general rule, one Medal is assigned per eligible Warranty Registration linked to a unique firearm serial number, subject to the checks described above and to any limitations required by local law.

Article 8 – Home Delivery of the Medal

For the Participating Countries covered by these Terms and Conditions, the Medal will be delivered to the shipping address provided by the Final Customer during the Warranty Registration process.

Delivery is free of charge for the Final Customer for standard shipping. Any customs duties, import taxes, or similar charges that may apply under the rules of the destination country (if any) remain the responsibility of the recipient, unless otherwise required by mandatory local law.

Beretta and/or its logistics partners will ship the Medal according to an indicative quarterly schedule linked to the registration period, as shown in the table below. As a consequence, registrations completed during the fourth quarter of 2026 may result in delivery starting in January 2027.

Article 9 – Checks, Requests for Information and Rejection

Beretta may request additional information or documentation in order to verify eligibility and/or to resolve anomalies in the registration. The Final Customer undertakes to cooperate and to provide the requested items within a reasonable timeframe.

If the request is incomplete or presents correctable anomalies, Beretta may notify the participant and allow a reasonable time to regularise the request; failing that, the registration may be rejected.

If the registration is rejected, no Medal will be assigned and Beretta shall have no further obligation with respect to the Initiative, without prejudice to mandatory rights under applicable law.

Article 10 – Limitations, Liability and Force Majeure

Beretta shall not be liable for any malfunction, interruption, delay or unavailability of the website, platform, communication networks or other systems, or for external events that may prevent or delay participation, validation, shipment or delivery of the Medal.

The Medal is a commemorative gift; minor differences in finish, colour, or appearance due to manufacturing processes do not constitute defects for the purposes of the Initiative.

Where delivery is handled by third parties (e.g., couriers), Beretta's liability, if any, shall be limited to re-sending the Medal or, if not possible, to alternative solutions deemed reasonable, subject to availability and applicable mandatory law.

Article 11 – Personal Data Processing

Article 12 – Amendments, Suspension and Early Termination

In such cases, Beretta will provide appropriate notice via the landing page and/or other official channels, clearly indicating when the amendment, suspension, or early termination of the Initiative will take effect.

The rights of participants who, before the effective date of the amendment or termination, have already validly joined the Initiative and follow these terms and conditions shall remain unaffected.

Mere participation in the Initiative or registration on the dedicated website after the deadlines set out in these Rules or in any subsequent communications shall not give rise to any right to compensation, refunds, or damages.

Article 13 – Applicable Law and Jurisdiction

These Terms and Conditions are governed by the laws of the country where the purchase and participation take place, without prejudice to any mandatory consumer protection rules applicable in the participant's country of residence.

Any dispute arising out of or in connection with the Initiative shall be subject to the competent courts as determined by applicable law, including mandatory rules on jurisdiction.
